Located directly at Kreuzberg Oberbaumbrücke, WaterGate offers the perfect environment for great nights and events on two floors.

Based on the experience and the expectations of the people who are behind WaterGate, a location was created that will offer something new and exciting to the demanding Berlin club scene: a brilliant sound system, atmospheric lights, constantly changing visuals, quality catering and competent staff.

We are convinced that you will be hard pushed to find a lounge area as comfortable as ours.

More than 20m in length the lounge area affords a fantastic view across the river Spree and Oberbaumbrücke, where, enjoying your cocktail, you can take in the dynamism of central Berlin with its urban traffic network and flair.

In addition to the possibility of an open-air area in the court yard there is also a terrace on the water overlooking the river Spree.

The club's own nights are Wednesday, Friday and Saturday. Private bookings are available, with prices and terms and conditions subject to agreements made between customer and club.

WaterGate comprises two floors of roughly equal size. The upper floor (dancefloor) has a capacity of around 600 people.

Main/Dancefloor:

- a well stocked bar
- seating for around 60 people
- DJ equipment of the highest calibre with led lighting
- High quality ventilation
- 16- 32 Amp CEE
- Backstage for artist
- Toilets

the lower floor (waterfloor) with its ca 30m glass frontage adjacent to the river Spree offers space for 400 people.

Waterfloor:

- a well stocked bar with highly trained staff
- seating for around 80 people
- DJ equipment, small dancefloor, lighting
- Ventilation
- Toilets
- Windows can be opened
- Exits leading to terrace and court yard

WaterGate has a maximum capacity of 1000 people.

For larger events there is a possibility of incorporating the court yard, i.g. for a catering tent.

During the warmer months WaterGate's terrace can also be used.
